## GSNZ News—from the National Office

Welcome to the third edition of Enews for 2008. It is only one week before school goes back and before you know it, it will be the first term holidays!

### OTP Update

Thank you to all the regions who have already sent through their nominations for the Inaugural boards. The next step will entail the implementation of a detailed Regional Transition Plan. This plan will be developed and implemented by the current Regional Associations, and the Inaugural Board and facilitated by each region's GymSports Officer. The Regional Transition Plan will provide regions with a step by step framework for the

transition from the old structure to the new structure.

A joint partnership between the associations and the new boards is essential to the success of this transition. The history and knowledge that each region will bring to the new board is invaluable. We will keep you posted as the transition progresses.

We are currently working to get the new regulations completed and available online. They will be available on the [OTP page](#) on our website where the new GSNZ Constitution is currently available.
